WATER QUESTION AGAIN A TROUBLE

INTAKE PIPE THAT SUPPLIES THE CITY IS BEING REPAIRED

NO PRESSURE FOR TIME

Pumping Expected to Begin This Evening; Recent Flood Was the Cause of the Damage

The city water question is again the big one in Maryville today—even bigger than the world's series. The slight pressure that was on went off at noon. There is no water to be pumped at the station and it will be five or six o'clock this evening before any pumping at all can be resumed.

All that is possible is being done. If anybody doubts that, all he or she has to do is to go to the river and watch Mayor W. O. Garrett, up to his shoe-tops in dirt, holding piles for a man with a sledge to drive. A new support is being built for the big intake pipe at the city water plant, and a new end is being prepared so that the pipe will reach into the river. When these two pieces of work are completed simultaneously this evening, pumping will recommence and Maryville housewives will have the city water at their taps again.

Meanwhile there is nothing to do but grin and bear it.

There are four pumps and two intake pipes at the city water plant. One pump is the big one that forces the water uptown. It is in good condition. Another and smaller pump lifts the water from the river through the intake pipe that is being repaired. The pump is all ready to work and will as soon as the pipe is fixed.

The two other pumps, centrifugal pumps, are connected to the good intake pipe that touches the water in the river. These pumps are not in working condition, though the pipe is.

So you see how it stands. Water can not be lifted from the river this afternoon because the pipe is out that supplies the good pump, and the pumps are out that work with the good pipe.

Some pumping has been done from the sandpoints, but this is entirely insufficient to supply the city. Even this has to be stopped while the pipe is being repaired.

The trouble started when the west end of the dam went out a few days ago. Since then the breach has rapidly widened so that now about thirty or forty feet separates the concrete work of the dam and the bank. Across this gap swings perilously the intake pipe that has to supply the city with water.

Before the gap started this pipe was imbedded in the bank. It was firmly supported until it reached the dam and dipped into the water. The first task, now that the flood has gone down, is to build a bridgework under this pipe to hold it up. Mayor Garrett was helping do that work this afternoon.

The second task is to make the pipe reach the water. The end that dipped into the water washed off in the flood, so that now there is a gap between the end of the pipe, on the dam, and the water, which has fallen to two feet below the top of the dam. This new end is being prepared under Mayor Garrett's direction and will be in place by the time the bridgework is completed.

SNODGRASS WILL GO TO EDUCATIONAL MEETING

Rev. [illegible] Brass, pastor of the First Ch[illegible]rch of Maryville, will go to [illegible] Saturday to attend an all-d[illegible]ng of men representing the Christian churches of northwest Missouri, which will be held in St. Joseph at the First Christian church, Tenth and Faraon streets. It will be in the interest of the Missouri movement, a campaign to raise $2,000,000 in the state for the Christian colleges of Missouri. Fred W. Fleming of Kansas City, state chairman, will preside at the meeting, and the principal address will be by Dr. H. O. Pritchard of Indianapolis, Ind., secretary of the board of education of the church. It is expected that practically all the 200 churches in the twenty-three counties of the district will be represented.

There are six institutions to benefit from the campaign: Missouri Christian Missionary Society, Kansas City; Culver-Stockton College, Canton; Bible College of Missouri and Christian College, Columbia; Bible School of Drury College, Springfield; and Missouri Christian College, Camden Point.

The money will be raised in a campaign during the week preceding Thanksgiving. The Christian church is one of the strongest bodies numerically in the state, with 1,076 churches and 142,247 members.

CHANGE OF FIRM'S NAME ANNOUNCED

ALDERMAN-YEHLE STORE NOW YEHLE DRY GOODS CO.

L. B. TRACY TAKES PLACE

Succeeds M. J. Alderman as Secretary and Treasurer; C. W. Yehle Continues Management

It took twenty-three years to accomplish, but now the evolution is complete of the Alderman Dry Goods company of Maryville into the Yehle Dry Good company. The firm name of Alderman-Yehle, which has been in existence for many years, has been changed; from now on, beginning with this month, it will be the Yehle Dry Goods company. C. W. Yehle is president of the company.

C. W. Yehle

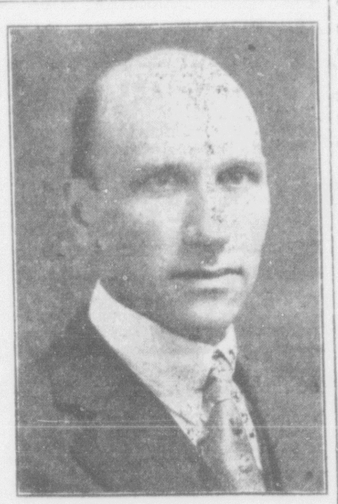
The stock belonging to M. J. Alderman, for the last three years secretary and treasurer of the company, has been absorbed by the other stockholders, L. B. Tracy, for the last seven years connected with the company, has been selected as the new secretary and treasurer.

There will be no change in the policy of the store, the business being conducted on the same plan as in the past.

Conrad W. Yehle, under whose name the store will henceforth run, began his services with the Alderman Dry Goods company twenty-three years ago when the store first began doing business in the Michau building at Fourth and Main streets. For several years the business was conducted in that location. Then a move was made to the present location, on West Third street, where Mr. Yehle became a member of the firm, the store being run under his name and that of C. J. Alderman, father of M. J. Alderman, the retiring member.

Mr. Yehle has been in actual management of the store for about seven years.

Mr. Tracy, the new secretary and treasurer, is a Nodaway county product, with fourteen years of business experience. He was born at Gaynor City, in the north part of this county, and spent his boyhood days in and near Pickering. He moved to Iowa with his parents and was educated in the public schools of Bedford, after which he completed a course in the Gem City Business College at Quincy, Ill., graduating from that institution in 1905.



L. B. Tracy

Since that time he has been actively engaged in the retail dry goods business, in which he has developed a thorough knowledge.

Mr. Tracy was employed by the Thompson Mercantile company at Bedford until 1908. From 1908 to 1912 he spent in the employ of the Biggar Company at Corning, Iowa. For the last seven years he has been employed by the Alderman-Yehle Dry Goods company, having charge of the shoe department, displays and advertising.

WILL OF COUNTY'S BEST-KNOWN NEGRO FARMER FILED TODAY

The will of Joseph H. Graves, Nodaway county's best known negro farmer, who died September 12, was filed today in the probate court. It was made September 11, the day before he died, and was witnessed by Dr. J. E. Pierpoint and H. W. Montgomery of Skidmore.

No estimate of the amount of the property is made in the will. Uncle Joe owned a fine farm of 120 acres near Skidmore.

The will provides that all funeral expenses and debts be paid; that the real estate go to his wife, Sarah Frances Graves, during her lifetime, and at her death to their son, Arza A. Graves; that the personal property be divided equally between the widow and the son; and that the widow and the son be appointed joint administrators without bond.

Uncle Joe, although born a slave, was able to write his name, and made an effort to do so, as can be seen on the will. His mark was duly witnessed.

Mrs. T. K. Wray is Buried.

Funeral services for Mrs. T. K. Wray whose body arrived in Maryville last night from Los Angeles, Calif., were held this morning at 9:30 o'clock at the First Methodist Church, conducted by the pastor, Dr. Gilbert S. Cox. Preceding the services the body lay in state at the church. Music was furnished by a quartette composed of Miss Jennie Garrett, Mrs. Ernest Hartness, L. B. Tracy, and the Rev. Mr. Cox. Burial was in the Myrtle Tree cemetery, northeast of Maryville. The pallbearers were B. L. Wray, George Wray, Will Berkey, Del Appleby, Frank Hinton and Cyrus Parker. Among the out of town relatives attending the services were a sister, Mrs. Dave Zieglers of Burlington, Kan., Mrs. Carl Wray and Mrs. Will Wray of Guilford, the two daughters, Mrs. Leta Hansen of Los Angeles, and Miss Leska Wray and Mr. and Mrs. Will Berkley of Orrsburg.

Tells of Alleged Fund That Steel Corporation Voted in 1901 for the Suppression of the Unions

Washington, Oct. 3.—The United States corporation was in the "rear guard" in the procession of wages and working conditions, Michael Tighe, of the Amalgated Association of Iron, Steel and Tin Workers, declared today before the senate committee investigating the steel strike. Referring to Gary's testimony Tighe said: "I am convinced his statement was not made from first hand knowledge. The difference between facts as they are and as he stated them is as great as the distance between his office in New York and the steel plants. "Tighe declared in 1901 the steel corporation voted a fund of $20,000,000 for the suppression of unions and said this fact has been divulged by a steel mill owner friendly to organized labor.

LARGER NATIONAL STRIKE IS PROBABLE NOW IN ENGLAND

London, Oct. 3.—Following a deadlock in railway negotiations, a larger national strike again loomed up today. J. H. Thomas, executive secretary of the national union railway men, declared a deputation of eleven transport workers of the allied unions would unanimously support the railroaders refusal of the government's terms. The deputation is continuing efforts at meditation, however. The railway traffic is improving, and more strikers are reporting for work, according to official communication issued by the government.

First active military participation in the strike occured late this afternoon, when the Fuston station was taken over following the arrest of strikers for holding up the departure of trains.

POLAND CHINAS FROM COUNTY WILL GO TO SOUTH AMERICA

Five Poland-China hogs from Nodaway county will go to Buenos Aires, Argentine, in South America. These hogs will be sent from here to Chicago, where a car-load of hogs are being assembled for Dr. W. Pruce at Buesnos Aires.

In the shipment from Nodaway county Will B. Gex is furnishing a boar and sow, John A. Gex a sow, and A. L. Auer of Conception Junction two sows.

W. A. Davidson, a government veterinary, is in Maryville today for the purpose of inspecting these hogs. Another government inspector, E. Z. Russell of the animal husbandry department, was here a few days ago to look them over.

It is necessary to get passports for these animals, and Attorney Fred P. Robinson, who has had charge of that work, says it is harder to get a passport for an animal than for a person.

HARMONY FARM CHAUTAUQUA MAY FORM A REAL CIRCUIT

According to G. A. Pickens, secretary of the Maryville Commercial Club, Maryville people who are not taking advantage of their opportunity to visit the Harmony farm chautauqua this week are missing one of the experiences of their lives. Mr. Pickens went to Harmony with the Maryville band last night and came back full of enthusiasm and statistics.

This is undoubtedly the first farm chautauqua in the United States, he says, and even Dr. P. G. Holden, the crop specialist, who has seen everything and been everywhere, is full of enthusiasm. It is undoubtedly the biggest agricultural idea in recent years, according to Doctor Holden.

A plan to enlarge the chautauqua and make a circuit of three to five communities was hinted at by Rev. C. R. Green in his announcement at the program last night.

A band concert was given last night, followed by a moving picture, "Wildflower," in which Marguerite Clark stars. The sectional meetings were held again this morning. Prof. Sam Jordan, extension lecturer for the state board of agriculture, spoke this afternoon on "The Crimson Trail of an Idea." Tonight, after a home talent musical prelude and a lecture by Mrs. Margaret Streeter of New York on "The Proper Appreciation of Music," a moving picture, "The Virginian," will be given. An electrical moving picture machine arrived this morning and will take the place of the gas machine that has been used.

The children's vitalized agriculture pageant will be given tomorrow afternoon instead of tomorrow night. Moving pictures are to be taken of the chautauqua, which will close tomorrow night.

According to some who have gone, the road to the Union school house, north of Maryville, and then east is probably the best for automobile travel to Harmony.

2 Millions Hear Edison's Proof

People WOULD NOT believe that the art of the living artist and its RE-CREATION by the New Edison could not be told apart. So Edison dared again. He gave them the actual proof.

In public performances all over the United States he matched the voice of the living artist against the New Edison's RE-CREATION of that voice and challenged the audiences to tell which was which.

Forty great artists participated in these tests.

The New Edison

"The Phonograph with a Soul"

RE-CREATES every subtle beauty, every rush of feeling, every inflection of tone that distinguish the living artist's voice This extraordinary power in written in the public records. It is proved every day in this store. Come in. Learn for yourself that the truth about the New Edison surpasses even the claims of other instruments.

R. P. HOSMER "The Auctioneer"

Yehle Dry Goods Co.

Announcement of Change in Name

BEGINNING this month, this, one of Nodaway County's largest and most progressive institutions will assume the name of Yehle Dry Goods Company instead of Alderman-Yehle Dry Goods Company.

This change will effect the name only, as the policies and principles of the company will be the same as heretofore. The stockholders will be the same with the exception of Mr. M. J. Alderman who has withdrawn his interest and whose interest is absorbed by the other stockholders of the company.

As usual this company will be on the alert to serve the best interests of the people of this and surrounding communities.

Our Merchandising Policy

It is the aim of the Yehle Dry Goods Company, as has been the endeavor of the Company for the past twenty-three years of merchandising in Maryville, to provide the most efficient and up-to-date service possible—to merit the patronage of its customers by honest, fair dealing and progressive methods.

It is our endeavor to present the new, always,—to show the best of the latest fashion—to maintain a standard of quality which one can be certain of at all times. We desire to make everything satisfactory so far as possible to everyone.

We carry the largest and most complete stock of high grade merchanidse in Nodaway County and command sufficient capital at all times to take advantage of market conditions, giving our customers the advantage of our purchase power.

We maintain a force of salespeople that are very accomodating, always ready and willing to show a personal interest in the welfare of our customers. Whether you are interested in buying goods or not they are glad of an opportunity to show the new things that are being received.

The One-Price System

We maintain a strictly one-price system—you buy merchandise for just the same price your neighbor or anyone else is required to pay. All goods are marked in plain U. S. A. figures and there is absolutely no price cutting to anyone. Prices in special sales are reduced, but the reductions are given to all.

The "One-Price System" is the only fair, square method of doing business—goods are marked at a legitimate profit and sold to all at that figure. The merchandise is not marked at a high figure and then the price cut in order to influence the customer into believing that they are really getting the article at reduced price.

Effectively Departmentized

Our large daylight store is divided into twenty-four distinct departments with several sub-departments. Each department is in charge of a competent person who makes a thorough study of the needs of their particular department. Our salespeople do not sell in other departments throughout the store and consequently they know their stocks better and can give you more intelligent service in their departments than if they tried to serve you in all departments. Then, they can watch the stocks more closely and keep them moving which gives you cleaner, fresher merchandise than you would otherwise get.

Standard Brands

We feature standard brands of Nationally advertised lines of merchandise on which you get a double guarantee of satisfaction—The manufacturers as well as our own guarantee.

Many of the very best and most favorably known brands are featured here. Such brands as Wooltex, Sunshine and Sperling coats, suits and dresses; Queen Quality Shoes; Wayne Knit, Phoenix and Topsy hosiery; Bon Ton, Royal Worcester and American Lady Corsets; Munsing-wear; McCall Patterns and fashions; Bear Brand yarns; Bucilla threads and stamped work; Gage hats; Skinners and Beldings silks and satins; Hudnuts, Palmers, Armands, Marinello, Woodworths and other dependable brands of toilet preparations; Blabon's and Armstrong's linoleums; Birge wall papers; Quaker lace nets and curtains; Colonial Drapery Fabrics; Hoover Electric Vacuum Sweepers; and many other of the well known brands of high grade articles.

Our Advertising Policy

In January 1917, we adopted a new advertising policy. We decided that seldom if ever again would we quote a former or comparative price in our advertising. We have adhered strictly to this policy since and are thoroughly convinced that it is the fairest for the customer.

We believe that the value of an article is the present selling price, and that the customers needs no quotation of a former and much higher figure to be able to judge the value. Our policy of advertising is to describe our merchandise briefly, truthfully and without exaggeration—to make no comparison of a former price at which the article might have sold, but to offer the merchandise solely upon its merits, letting the customer be the judge of value.

We believe the "No Comparative Price" policy is an advantage to the customer for two distinct reasons. 1st—Because, the judgment of the customer as to the value of the merchandise is not impaired or influenced by any claim of a former higher price, and they can judge better when judging solely on the merits of the goods. 2nd—Because, we ourselves are spurred to greater efforts in value—giving, depending as we do on the merits of the merchandise to interest the customers and not an exaggerated price quotation.

Alteration Parlors

Our alteration department is located on the second floor and is in charge of Mrs. Elizabeth French, a very capable woman who has an up-to-the-minute dress making establishment in connection with the alteration department.

She maintains a staff of competent assistants whose work will please you in every particular.

Corset Fitting

We have maintained a corset fitting service in this store for a number of years. In fact we are the pioneers in establishing this very essential service in Maryville.

Our corset department is in charge of a graduate corsetiere who can give you valuable assistance both in proper fitting and in instruction as to the care of a corset.

Our Shopper

Miss Katherine Yehle is our official shopper. She personally looks after the mail orders and sees that they are filled in the same careful manner as though you were here to do the choosing for yourself. And if you come to the store and so desire she will go with you to the various departments and help you with your selections.

Mail or Phone

Mail orders and telephone orders are given prompt and special attention at all times. A girl is kept in constant attendance at the telephone and is very obliging and will put you in connection with any salesperson or department you may wish. All mail orders are opened and filled immediately, thereby giving you the quickest possible service in this department.
